Justice Meyer, in the Court of Special Sessions to-day, handed down a decision twiner, head of the brigkerage firm of E. A. Howe & Co., who lived with his wife and three children, at No. 124 Lincoln avenue, has mysteriously disappeared and his friends fear his head has been turned by business troubles. Archer was a prominent member of the North End and Newark Athletic Clubs, and moved in the best society.

About ten days ago he left his office in the Prudential Building, stating that he was going to Boston on a Business trip and would return a few days later. On Monday last his chief clerk received a letter from him at Boston stating he would return the next day.

Nothing has since been heard from him.

Sessions to-day, handed down a decision with the result of an inquiry before him concerning the charges of bribery in the Dock Department made last April. In his decision Justice Mayer said "there is absolutely no foundation for the accusation or suggestion made against the Dock Department, but that, on the contrary, the officers of that department did only their duty, fairly and conscientiously. The charge made at the public hearing before the Mayor had, therefore, for its foundation only the false statements of a man who had no acquaints nee or transactions with the officers of the American Smelting and Refining Company, of New York, which any other person who sought to use of the Derby Stakes won by Volodyovski and of the Derby Stakes won by Volodyovski of the Derby Stakes won by Volodyovski Sessions to-day, handed down a decision

Today Begins a Great Round-Up of

AugustFurniture At Half Price!

This is the most stirring wind-up that has ever been organized for an August Sale. Just two days are left in which to end the special August Furniture. And while our Fourth floor yesterday looked depleted, still there are large quantities of all sorts of furniture to distribute this week; and a special space, vacated for the purpose, now becomes the storm-centre of the rarest collection of bargains you have ever known in Furniture.

We have taken scores of pieces-Parlor Suites, Tables, Chairs, Women's Desks, Chiffonniers, Toilet Tables and the like-that were splendid bargains when marked at a quarter or a third under-price; and marked them all

At Exactly Half Their Real

And all these pieces are now assembled in the front of the Furniture Store -- presenting the climax of this great August Sale-the most extraordinary offerings that even this stirring August Sale has presented.

And with such positive cheapness, remember that every piece bears the Wanamaker quality guarantee as fully a if you paid double the price in October.

Every housekeeper in New York, or near enough to get here promptly tomorrow morning, should visit this great Round-Up Sale, if she has the least desire to add to the furnishings of her home.

Every dollar you spend buys a good two dollars worth-fifty dollars buys tomorrow what a hundred can buy when this sale is over.

As these pieces are largely odd lots, and one of a kind, it is impossible to list them without causing you disappointment in case they are sold before you get here. The selling will of course be rapid, but the offerings of goods at half price will continue tomorrow and Saturday morning.

There will be, for instance, Sideboards, China Closets, Parlor Suites, Fancy Chairs, Hall Benches and Seats, Dining Chairs, Music Cabinets, etc., etc. Every piece of the furniture is from our own regular stocks, and these stocks have no equal in this city throughout the year. The New York Morning Times, American and Journal, and World will have more definite information.

Friday Sale of HOSIERY For Men and Women

No Summer Bowel Troubles

Not for me! I'm safe from all of them and happy. The heat of summer causes organic matter everywhere to decay. All dead vegetable or animal matter rots if not kept on ice. All undigested food in the human body will ferment a hundred times as quickly in summer as in winter. Consequence - stomach, liver, bowels poisoned. thrown out of order-sour stomach, gases, colic, diarrhoea, dysentery. cholera, appendicitis, and in some regions yellow fever and the plague

Little children suffer terribly everywhere. What does good sense tell you to do? You can't keep the human body on ice, and the drinking of ice-cold drinks does more harm than good because it stops digestion and chills the internal organs. The proper thing is to keep all impure and unnecessary matter out of the body

every day, not give it a chance to sour and decay in the stomach and bowels, and poison the blood and the whole body. In this way you will stop all hot, feverish conditions, and keep your insides cool and healthy. To do it, use a medicine that is not offensive to the taste and not harsh and violent in its action. There is only one safe system-cleaner to take in the summer time, because it will not cause diarrhoea or griping, and that is
